

Attention Granger, Hinckley and Sharon Students....

Are you ready to become a ROCK STAR READER?

This year's reading theme focuses on informational and non-fiction books and is divided into four sub-themes, which include: **PEOPLE, PLACES, THINGS** and **IDEAS**. It will be fun to share what you learn in each of these areas. Remember to keep track of your reading minutes each month! Read 500 minutes each month or a total of 1,000 minutes or more for two months to earn the cool rock incentives below. And, if you participate each month, you will be invited to a special assembly or event at your school that relates to the REALITY ROCKS theme! Reading calendars are available on the Highland web site.

These Reading Incentives ROCK!

PLUS...

The Highland Public Library will feature Highland readers on a special POSTER that will be displayed in the public library, as well as the school library, for everyone to see!

Posters will be displayed in December, February and April.

Each school will draw the name of a student who has read 1,000 minutes to be featured on one of the library posters!

**GOOD LUCK to all
of our READERS!**
