Mixed Martial Arts FunFitness Boot Camp consists of cardio, plyometric, muscular endurance & strength exercises and improves concentration, coordination, confidence, discipline, grades, power, speed and mental toughness. The camp has no belt fees, no initiation fees, and no testing fees, and allows children to reach their own potential rather than directly compete against others. This is a dynamic and challenging approach to self-defense for children who are athletic, energetic, awkward or shy, bold, nice or maybe even a little wild once in a while...MMA FunFitness Boot Camp is probably for a kid just like yours. Children's self-defense takes many forms. Many parents worry about their children being safe on the street yet one of the real problems concerns a child's ability to defend themselves against other kids. MMA FunFitness Boot Camp teaches children to think instead of panic in potentially serious situations as well as how to react to threats from other children or acquaintances.
