Mrs. Aukerman recognized the HS Robotics Team for placing second in competition in Pennsylvania over the weekend.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

- Janet Hogue, Middle School Library Media Specialist, was present to express her concerns regarding reducing the size of the library to accommodate growing enrollment. She distributed a packet of information showing the layout of the Middle School and the Ohio study on libraries. Her suggestions of the options available that she felt were better are:
  1). Traveling teacher
  2). Relocate the offices of Dr. Opperman and Dawn Marzano
  3). Move Central Office to another location, such as modulars
  4). Lease office space for Central Office
  5). Add 2 classrooms to the East wing hallway
  6). Build an intermediate building
- Mrs. Aukerman added that no final decisions have been made
- Liz Schmidt, 7th grade student, read a letter written and signed by students asking that the Board reconsider using part of the library as a classroom. She expressed the students concern and detailed how much the library is used by the students.
- Ginny Schneider reported on the Athletic Boosters signage proposal and how they will address premium signage at a cost of $600 per sign. She stated it has been very well received from the community.
- Steve Stanec, a Wadsworth resident, felt that his home is located in the Highland School District and would like his kindergarten student to attend Highland. The development he built his home in is split between Wadsworth and Highland. Mrs. Aukerman will further review the property layout and report back her findings.

SUPERINTENDENT’S AGENDA

HIGH SCHOOL WRESTLING TEAM RECOGNITION

Mr. Bo Kuntz, Athletic Director, introduced Wrestling Coach Mark Savoia. Mr. Savoia thanked the Board and Administration for allowing the team to travel around the State of Ohio and wrestle some of the best competition in the State, along with the number one team in the State. These trips allowed the team to gain experience to become better for the end of the year.

Highland’s accomplishments were:

- Ranked 3rd in the State the whole year
- Finished 3rd in the State Duals team competition, and wrestled the best team in the nation
- Finished in the top 10 of every tournament attended
- Finished 9th in the MIT
- Finished 2nd in the Suburban League, and Sectionals
- Finished 5th in the District and overall in the State
- Finished 17th as a tournament team

Mr. Savoia introduced the following wrestlers:

- James Kunzler, light-weight state qualifier. James is the 3rd freshman in Highland history to make it to the State tournament.
- Senior John McKee, 145-pound state qualifier. John is looking to go to Notre Dame of Cleveland on a scholarship to wrestle.
- Senior Tyler Houska, finished 2nd in the State by 1 point last year. This year, Tyler went 47-0 in the 215-pound class and won the State Champion title, and is probably one of the best wrestlers to come out of Highland. Tyler finished 157 and 30 in his high school career which smashes all school records; most team points, individual points, and most pins (98 out of 187) for career and season; holds 7 records at Highland and is a 4-year lettermen. Tyler will be attending Ashland University with a substantial scholarship to play football and to wrestle.

Dr. Christopher thanked Mr. Savoia for his work ethic, the many years of leadership with the team and program, and the representation for the school and community which is beyond reproach. The Board is very excited and proud of the results, which have been spectacular.
Mr. Ulrich thanked Dr. Christopher for acknowledging our outstanding coach who is a mentor, role-model, friend and colleague. Mr. Savoia’s contributions to mentoring our young men will arm them with a life-time of skills and tools to become young men who society and people will look up to.

ROBOTICS TEAM PRESENTATION

Mr. Pete Ulrich, High School Principal, introduced Robotics Advisor, Mr. Gus Matheou, who invited everyone to Room B225 to view their work. Mr. Matheou thanked the Board, parents, Mr. Kissel and the maintenance staff, and Roger Saffle and the technology department. Team members Nicholas Tietz, Zach Savage, and David Wagar described all of the positive attributes they had gained by working on the robotics team. The team gave a demonstration of the abilities of their robot, Sting, who is able to pick-up light-weight plastic balls.

Mrs. Aukerman invited the whole team to come forward for a photo opportunity with the robot, and mascot, who is a sibling of team member Sam Nold.

REVISION OF SKILLED MAINTENANCE TECHNICIAN JOB DESCRIPTION – ADDENDUM #III

This job description will be reviewed and adopted at the June 15, 2009 Board Meeting

SUPERINTENDENT’S AGENDA

FINANCIAL ADVISORY PANEL - DISCUSSION

- Mr. Rob Smykal, representing the 9 community representatives from four townships on the Financial Advisory Panel, spoke on the need for the district to seek additional operating funds. This panel was established in 2000, at the end of the first strategic plan, and meets quarterly, unless issues require more timely discussions. The focus of the panel has been to review the school financial schedule of revenue and expenses. The facts presented were:
  - Since 1998, the district has seen an increase of 1,000 students, and opened a new high school along with all related increased operating expenses.
  - Stated that this has been very impressive, since the district has been able to manage the expenses versus revenue, considering no new operating dollars have been received since 1998.
  - Said the expenses are now exceeding our revenue – This years deficit amount is $2.4 million, and the 2009-10 school year will be more than $3.8 million, with the balance being reduced to less than 2 months. Highland has been able to operate for 11 years without new money.
- The panel strongly recommends that the Board place a new operating levy on the ballot in the very near future. He said that while everyone is aware of the current economic conditions facing each of us, the panel is also sensitive to the idea of asking for additional funding.
If a levy passed in 2009, it would result in a lower millage versus passing a levy in 2010. In the past, the district has been able to offer incremental levies as a way to reduce the impact on our homeowners.

- Enrollment and expenses are increasing, while our revenue is decreasing
- Highland has been rated an excellent and excellent with distinction school district for 9 consecutive years.
- Highland’s per pupil spending is the lowest in Medina County
- During these difficult economic times, the time has come to ask the community for additional support to maintain our level of excellence, in order to offer our next generation a quality education.

After much discussion between the Board and the Financial Advisory Committee, Dr. Christopher said these recommendations will be taken strongly into consideration.

Mrs. Aukerman, along with the Board members, thanked the Financial Advisory Panel for their many hours of work in understanding the finances of the district, and encouraged any community member who may have a question about the finances of the district to contact the FAP, because they are a wonderful resource of information regarding this topic.

LIMITED ENGLISH PROFICIENCY (LEP) PRESENTATION – NANCY NIMMO, LINN SOMMERFELD AND STACIE RASTOK

Mrs. Aukerman stated at the local and state levels, a lot has changed regarding guidelines and procedures. The district is seeing many students whose main language is not English, and there is a growing need for resources to serve Limited English Proficiency.

Nancy Nimmo, Director of Special Needs, Medina County ESC, Linn Sommerfeld, District Consultant, Medina ESC, and Stacie Rastok, Hinckley Elementary Principal provided a presentation of LEP. LEP is any student who is born out of the country, speaks a language other than English, and can either comprehend, speak, read, or write little English. Presently, Hinckley has 12 students indentified as LEP students and receiving services, plus 6 additional students who are on the cusp. There will be a need for these services at all buildings, as this number will continue to grow countywide.

RESOLUTION OF NECESSITY - DISCUSSION

Cathy Aukerman informed the Board that she would be making a recommendation to adopt a Resolution of Necessity this evening regarding placing a levy on the November ballot. She provided background information of what went into that decision and why the District would be asking for this from our community. A Power Point presentation reviewed district finances, cost containment, and consideration for placing a levy on the ballot at this time.

A recommendation was then made to place a 7.9 mill current operating expense levy on the ballot in November, 2009.

Mr. Houska appreciated the presentation and thought it was very thorough and well done.

Mr. Kelly said times are very difficult right now and to request money only to provide funds to maintain current levels, was a very difficult decision to make, however the need is immediate.

Mr. Petek said he was very happy to see how proactive the district has been to contain costs and felt any cuts made would have a major impact on the district.

Mrs. Aukerman said the district would have to take our program down to the very basic core offerings and it would have an immediate impact in the classroom, because over 86% of our budget goes to staffing.

ADOPTION OF RESOLUTION OF NECESSITY FOR A 7.9 MILL CURRENT EXPENSE LEVY TO BE PLACED ON THE BALLOT IN NOVEMBER, 2009 09-07-95

Mrs. Markle explained this Resolution will authorize the Treasurer to take the Resolution to the County Auditor who will certify the amount of money that the levy would bring in. Another Resolution to actually place the levy on the ballot would have to be adopted by
the Board of Education. The Board has until Thursday, August 20th to file that Resolution with the Board of Elections.

Mr. Kelly made a motion, seconded by Mr. Houska, that the Board of Education adopt the Resolution of Necessity, as presented.

Mr. Kelly, yes; Mr. Houska, yes; Mr. Petek, yes; Dr. Christopher, yes.

Motion carried.

Mr. Kelly urged individuals and civic groups to contact the school office or Board Members, and they would be happy to attend any function to answer questions regarding the levy.

Dr. Christopher wanted to be clear that the Board has spent a significant number of hours plotting the best course, and said this has been a very difficult decision and unfortunate timing during these challenging economic times.

RECOGNITION FROM THE AMERICAN RED CROSS PINT SIZE HEROES PROGRAM

Mrs. Aukerman received a thank-you from the American Red Cross to the school district and to the Board of Education for allowing them to come in to the district, and to our students for helping to change lives through the power of blood donations.

For the Pint Size Heroes Program, Highland Local School District was honored with top school recognition for 2008-09. Highland was the 7th largest fully participating school district in Northern Ohio which involved 212 districts and over 400 participating schools, and to our elementary-aged students who helped to recruit donors who were able to give 131 blood donations, which did not count our high school students who actually donated blood themselves.

Mrs. Aukerman thanked all of our principals for allowing our students and volunteers to participate in this worthwhile program.

The next regular meeting will be held on Monday, October 21, 2009 at Hinckley Elementary at 7:00 P.M.

ADDITIONS/DELETIONS TO THE AGENDA

Correction – Item II – Next Regular Meeting date changed from October 21st to October 19, 2009

Item IX – New Business – Changed from none to 1 item

BOARD MEMBERS’ AGENDA

Dr. Christopher commented on the following:

- Congratulated the girls’ golf team on becoming the 2009 Suburban League Champions. The Board wishes the team the very best of luck at the State Tournament.
- On behalf of the Board, he expressed condolences to the family of Sierra Ann Thomas. Sierra was killed, along with her instructor during a tandem skydiving jump on September 19, 2009 in Portage County.
- Announced there is a lot of activity in the District with the levy campaign. Dr. Christopher thanked the core leadership team which is comprised of: Liz Swartz, Montville Twp.; Sue Phillips, Granger Twp.; Bonnie Zidd, Hinckley Twp., and Terri Stewart, Sharon Twp. This is a huge undertaking and the Board is very appreciative of their hard work.
- Reiterated that since the last new operating levy was passed in 1998, enrollment has increased by 1,000 new students; the district built, opened, operated, and maintained the new high school and added an elementary school. The Board has always placed a high emphasis of fiduciary responsibility and said that Highland has the lowest per pupil cost in Medina County.
- Highland received for the 10th year in a row an “Excellent with Distinction” award from the Ohio State Board of Education, and said for the value, the community is getting excellent results at an excellent cost.
- The sales tax, by law, cannot be used to support operating expenses, and is reserved for permanent improvements and capital expenses only.
- He said that it was not an easy decision to place a 7.9 mill levy on the ballot November 3, 2009. The Board cannot stress enough the importance of a successful passage of the levy on November 3rd. We want to keep Highland excellent and maintain our current programs and services for our students.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

- Ginny Schneider and Dave Tarr, representatives for the Highland Athletic Boosters, gave an update on the inaugural banner program. They sold 36 standard and premium placement banners, for a net profit of $11,000. On behalf of the Athletic Boosters, she thanked the Board and Administration for their approval of this program. She reported that last year between September and December they tripled spiritware sales, and as of today, they have already surpassed that.
- Dave Tarr thanked Mrs. Aukerman, the Board, all staff at the middle school, and all Highland Boosters for a successful pig roast that was held on September 18th, and they are looking forward to an even larger event next year.
- Dr. Christopher reported that for the 12th time, Highland was awarded the Harold A. Meyer Award for Sportsmanship from the Ohio High School Athletic Association. He congratulated the district, athletes and coaches.
• Aaron VonHorten, Cub Master of Pack 3512, which is the newest Cub Scout Pack in the District, presented a new 6’ x 10’ flag for use on the football field. Dr. Christopher thanked the Pack for their donation, and Mrs. Aukerman accepted their gift on behalf of Mr. Kuntz.

• Mr. Tom Loeffler, 1581 Granger Road, addressed the Board about his concerns of the noise coming from the high school chiller units. He asked when the problem will be resolved. Board members and Mrs. Aukerman indicated that the district has spent a considerable amount of time and money to find a solution to his concerns, however, there is no guarantee on any of the solutions working, so the Board is reluctant to spend more money on something that may not yield any results.

Mrs. Markle arrived at 7:42 P.M.

OLD BUSINESS

None

NEW BUSINESS

• Mrs. Aukerman said we have officially received our “Excellent with Distinction” banner, and have been rated excellent for 10 years. She presented the banner to the Board and said there are only 22 other districts out of 614 school districts in Ohio to receive this banner.

• Mrs. Aukerman played a Highland Highlight video created by Highland student Anna McCarthy. She indicated the video was prepared for the opening day staff inservice and is an excellent reminder of how special our district really is.

AUTHORIZATION, IF NECESSARY, TO JOIN CONSUMERS GAS COOPERATIVE 09-11-149

Mr. Kelly made a motion, seconded by Mr. Petek, that the Board of Education authorize the Treasurer to take such steps as are necessary prior to December 2, 2009 to join Consumers Gas Cooperative for the purpose of effecting natural gas service to Highland Middle School and Granger Elementary School. (This action is necessary to ensure continuity of service in light of the Public Utilities Commission of Ohio’s September 23, 2009 order approving the transfer of gas service and assets from Columbia Gas of Ohio, Inc. to CGC and will affect gas service only as to these two District schools.)

Mr. Kelly, yes; Mr. Petek, yes; Mr. Houska, yes; Dr. Christopher, yes.

Motion carried.

BOARD MEMBERS’ AGENDA

• Recognition of Boy Scout Troop 511 – Their attendance at this evening’s meeting, is to gain credit to earn their Citizenship badge.
Dr. Christopher read a portion of the letter Mrs. Markle sent to the Board, and said the Board appreciates her leadership, guidance, support, hard work, competency, and the condition of the District.

Mr. Kelly said the one thing the Board never had to worry about at Highland, is getting accurate financial information. He said her shoes will be hard to fill and that the Board will miss her.

**ACCESSION OF RETIREMENT – TREASURER 09-11-150**

Mr. Kelly made a motion, seconded by Mr. Houska, that the Board of Education accept the Retirement of Mary M. Markle, Treasurer, effective August 1, 2010.

Mr. Kelly, yes; Mr. Houska, yes; Mr. Petek, yes; Dr. Christopher, yes.

Motion carried.

Dr. Christopher thanked Mrs. Markle for her many years of service and for the understandable format in which to read the financial reports.

Mrs. Aukerman said not only does Mrs. Markle do an excellent job with the district’s finances, but as a new person coming into the Highland District, Mary knows more about this District than probably anyone, and was an excellent way to learn the history, archives and everything she has in place in the District, which will be very difficult to replace. Mrs. Aukerman said not only does she appreciate all of her hard work in the 2 years she has been here, but commended her for 30 years of dedicated service to the children of Ohio, and especially Highland.

Dr. Christopher attended the annual Highland Foundation Dinner Auction held November 14th at Weymouth Country Club, and said the support of the community at this event is remarkable. The purpose of the Foundation is to provide additional funding for programs at Highland, and to date, the Foundation has granted $750,000 to the District. He thanked everyone for their involvement, as well as all in attendance at the event.

Dr. Christopher spoke to the unfortunate accident to Kory Wiita, HS Senior football player, and said so many have been touched by his story and courage. The response, support and love that has gone out to Kory and his family from this District and community, and from surrounding communities has been remarkable. A website has been set up to view regular updates from the Wiita family @ www.caringbridge.org/visit/korywiita.

**HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES**

Barb Businger said she was sad that the levy had failed, and added that Highland has a great communications department to keep everyone well informed. She suggested instead of sending information out to the public, to be more active soliciting input from the community by putting together a one page questionnaire asking people what they think, and how their experience has been with the schools, which should help make everyone feel like they have been involved with the process:

- Mr. Kelly asked for the community’s assistance for any ideas on how Highland can do a better job communicating. He said the schools do not belong to the Board or employees, but to the community, and we have to get this message across to the community. We feel as a Board, we have managed the district well, and are always open to new ideas.

John Horne of Hinckley stated that this is a difficult economic time and taxpayers are losing their jobs, while the District passed out raises, spent more than they were taking in, and it is not a good financial plan. He suggested the Board look at alternative funding methods instead of levies, because they are unconstitutional. He suggested contacting the Governor of Michigan to see how sales tax works then contact our legislators and start taking donations, through the districts website. Board members agreed that something needs to be done with school funding in this State but right now, we are given only so many options.
• Bruce Hulme asked that the Agenda and Addendum items be put on the website beforehand.

SUPERINTENDENT’S AGENDA

LEVY – DISCUSSION

• Mrs. Aukerman said with the levy being defeated on November 3, 2009, that it will have a tremendous impact on the District long term. Revenue has been lost that could have been collected in January, 2010. Traditionally other districts have been able to stretch their levies for 3-4 years, however, Highland has been able to stretch their dollars for 11 years, along with welcoming 1,000 more students to the District. We knew this was coming. Back in 2004, the Board and Financial Advisory Panel made it very clear that in 2009 there would be a need for an infusion of new money into the District. In 2012, we are looking at a $5.7 million dollar deficit and by 2013, a $13.6 million dollar deficit. We cannot experience the type of growth we have had the past 10 years and expect the District to operate on 1998 dollars, because it cannot be done.

• She said a variety of scenarios will be considered for both reducing expenditures, as well as raising additional revenues. The Administrative team will meet to look for recommendations on what could be eliminated or reduced. We will come back to the Board with a very detailed set of recommendations so the Board can take a look across the spectrum from programming, to staffing, to extra curricular programs, and transportation.

BOARD MEMBERS’ AGENDA

- Mr. Kelly commented on the upcoming Wadsworth/Highland Girls’ Basketball game being held at Wadsworth on 12/23. At the game they will be selling red and green T-shirts to benefit the Wiita family. Their goal is to raise $20,000 to $25,000. Mr. Kelly said he would love to have more green shirts than red shirts at the game.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

- Kyle Brooks, high school teacher and former HEA President said every morning when he walks through the doors of Highland High School, he walks under a banner proclaiming Highland as an Excellent school district, and within the past year, an Excellent with Distinction school district, and it has been that way for the past 10 years. Not many in the State can make that claim, other than his colleagues’. With the levy failure, he is aware that the Board will have to look for places to cut costs and understands that this may be necessary. He is aware the Board may have to make cuts to the staff, but asked the Board to fully consider all options, and particularly the options that will have the least impact on the educational foundation that has taken so many years to build.

- Mr. Brooks asked the Board to explore every possible option before considering any staff cuts. He suggested when cutting staff expenses, to strongly consider a buyout to encourage teachers with 30 or more years to retire, and then rehire them at roughly ½ their salaries. He said the HEA and HSSA have brought this to the Board on other occasions, and that other districts exercise this option. For every teacher that the Board can encourage to take the option mentioned above, this could mean another tutor or paraprofessional who can stay in the classroom, giving individual attention to the students who most need it. He said everyone would like to see that class sizes be kept smaller.

- Dr. Christopher thanked Mr. Brooks for his passion for the district and that it is unmatched and the Board appreciated his counsel over the years and has enjoyed their relationship. He said the Board has considered a variety of options, and suggested that staff cuts have been one item that has been discussed. Mr. Brooks said the Board should really take a look at how many people would be eligible to retire and to try to encourage the staff to do this before any cuts are made.

- Mrs. Aukerman added that this would be under consideration but it will be in addition to some reductions that we will have to take, and she will be outlining cost savings measures that the district will have to take later this evening.

- Mr. Kelly said this has not been an easy task, we are by no means close to being where we need to be, we are talking about trying to preserve the Highland we have known for years, and is afraid that this will not happen. If the District does not receive new money this year, there will not be enough cuts to be made to save this school from the State coming in. The Board welcomes anyone to come in to look at the forecast and he will make sure that they understand it. Between now and the end of the year, this will be the most trying times any Board at this district has had to deal with. Our district is in grave jeopardy of losing what we’ve been so proud of for years.

- Aaron VonHarten, 5413 Stillwood Drive, Montville Township, said he and his wife moved here 5 years ago, because of the schools and location. He thanked the Board and the educators that have made a difference and an impact in his children’s lives over the past 5 years, and said that because of our educators, this is the reason for our districts excellence. He said he cannot imagine our lives anywhere else. He said he does everything in his power to help his children and their educators to instill academic discipline and excellence, and it has spilled over to many other children that he has seen in his life. He said there are people out here that don’t want to see taxes go up, or to spend another dime, because they are suffering too, and said it is disappointing to see that type of attitude anywhere in the Highland District. We should all be proud of what we have, and thanked the Board for the support that has been given to him as a
parent to instill academic discipline into his children, where other school districts in Ohio that his family has lived in, have failed. He applauded the school districts efforts for this, and petitioned the Board to do the best job you can do with what you have and that you have our support. He has a child in the Strings program and said he will not allow the momentum to be destroyed by a couple of people that have bad attitudes towards our education. He added that could be applied to Speech and Debate, mathematics, robotics, and any of the specialties we have at Highland. When parents are trying to instill academic discipline, it is because we want them to grow up to be able to handle well paying jobs in good locations that they can perpetuate our way of life and their families. We cannot do this as parents unless we have the academic programs and it is being taken away if we do not do something about this and is asking everyone to go out and talk to people about what we need.

- John Horne of Hinckley, said he takes exception that people who are against the levy are against the school district and said we all recognize your excellence, but the fact is the cost of that excellence has brought us to bankruptcy and we now have to face the facts. He said a levy is unconstitutional according to the Supreme Court of Ohio and has been since 1997. He asked the Board to look at alternative funding methods instead of levies; to consider asking the 40% of community members who voted for the levy to give donations and to put it on the website; to put a sales tax on because it’s fair and not a burden to property owners; and to say that the budget for salaries and benefits are out of control.

- Dr. Christopher said the Board was elected and the teachers have been hired to provide excellence, and believes the core academic program is sacred and if we do not have that, we are not a school, and believes strongly that we are not complete in our responsibilities if we do not supplement the core with values that were available to his children and himself. Dr. Christopher said his family moved into the district 18 years ago because of the school and the reputation of the school. In addition to the core, there are other academic offerings that he is intensely concerned about that in order to produce the complete student who is prepared for life-long learning, whether entering college or the work force, and said extra curricular activities are critical to the full development of our young adults, and moving forward, we are faced with very difficult decisions. Dr. Christopher said we are taking full accounting of the inventory of offerings in the District, and with all due respect for the contributions and commitments people have made to their program or what they do here, for the District, community, and for the students, but the fact is the funding system is broken and Mr. Horne is an advocate for that, and he encouraged Mr. Horne to take that same passion, speech and comments to the State. The Board does the same thing, we lobby the State. The Board committed as a part of the Strategic Plan to be an integral part of this community. There are a variety of value-added programs that come from the school that was our objective. The one variable that is entirely out of our control, which is the economy, and we all remember what has happened during the past 14 months, and there was no anticipating that and we, like so many employers, businesses, and families, are now faced with making adjustments. This is unfortunate and it does affect the school and the programs that are offered. With all respect, this is being done with due diligence and patience, and said every move that the Board makes will have downstream implications, we have to be very clear about what the implications are and the affect it will have on our curriculum and the product of the curriculum and the students.

- Mr. Devon Griffin, 1585 Forest Drive, Granger Township, said his family moved to Ohio in 1991 and within a couple of years were introduced to a school funding system, state-wide, which we had absolutely no familiarity. From the different part of the country where we came from, the schools are funded, not lavishly and where, in general, the school funding is among the lowest per pupil cost in the nation, and on the other hand, they have some of the highest high school graduation rates, but the funding is a statewide income tax. We cannot do anything about that in Ohio. We are constrained by the State legislature. The ruling that was referred to was against the State legislature and the Governor, and not against this School Board. This School Board is operating within the bounds that are set in Columbus, and for the people who are angry, who are hurting, and those who want redress, need to drive 110 miles to the South and let the legislator have it! He said we should thank Mr. Voinovich for not letting taxes
increase incrementally with inflation. Rather his gift to Ohio is that we have to overtax, spend off the surplus, go into debt, and do it all over again, because that is the only way that it is proven to work around here! He said he has heard the School Board, he has seen this school in action, and this is an excellent district. His last child graduates in June and he supports the levy and he will pay a lot of money, but said this is unfortunately a microcosm for this Country. If we cannot figure out that our competition is not local and that it is really about motivated and hungry guys in India that speak English who want our jobs, and that if we do not educate our kids, it will not matter, because we will not have property anymore. We will have to be teaching Mandarin Chinese and Indian languages because they will be the boss. This is an investment in our future, unfortunately it is painful and the economy is not in good condition right now, but we have to rise up and make the sacrifice. He is grateful for those who went before and made the sacrifice so that he could get educated, he is grateful for the signers of the Declaration of Independence were willing to pledge everything they had for our freedoms – can we do no less, not for mine, but for everyone else’s children and for the future of our country.

PRESENTATION OF NEW AND/OR REVISED DRAFT POLICIES

New and/or Revised Draft Policies were presented to the Board in preparation for the 1st reading at the next Board of Education Meeting to be held on January 4, 2010, for adoption at the February Board Meeting. This process has taken approximately one year to complete, with the last extensive policy revision being done in 1998.

SUPERINTENDENT’S AGENDA

BUDGET REDUCTION – DISCUSSION

Mrs. Aukerman discussed budget reductions, cost savings and cutting measures that the Board will need to consider as we move into the remainder of this school year, as well as going into next school year. Mrs. Aukerman said she appreciated the large number of staff members attending this evening and added that she made a commitment to every staff member that they would be the first to be aware of these cuts as it relates to personnel.

- Personnel – Support and certified – Approximately 13 support staff and 9 certified staff will be impacted in January, with a savings to the district of $870,000 annually.
- Transportation – The Board will be asked this evening to modify the current bus schedule by consolidating bus routes and bus stops, beginning January 19, 2010. All bus stops will be consolidated up to ½ mile in neighborhoods and cul-de-sacs where there are less safety concerns, and that on state routes, no one will be walking. A letter will be sent to parents outlining the new start and stop times, as well as new locations for their stop, if necessary.
  - Dr. Christopher suggested that this is an interim measure, saying there are a variety of other options available to the district that have been discussed, but do not plan to implement at this time.
  - Additional options as it relates to the transportation department for next year could include: Re-designing the elementary and middle school routes so they are combined to one route, and consideration to have no transportation for high school students, which is not required from the district.
  - All non-essential field trips have been eliminated and will no longer transport students. The District will continue to transport and support the athletic programs that are already in season and will fulfill the commitment to the Suburban League.
  - Facilities - Between now and the end of this school year, the goal is to remain cost neutral. Several groups that use our facilities before and after school, and/or weekends, will no longer have any fees waived, and will have to pay to
use the facilities, which begins January 4, 2010. The Board will also need to consider some drastic measures for next year which could include no activities within the school once the school day is over.

- Pay to Participate Fees - The Board will need to consider a pay-to-participate fee structure for athletics and any/all co-curriculars, such as band or marching band. For discussion purposes, high school student fees would be approximately $200 per student/ $600 maximum per family cost; middle school student fees would be approximately $150 per student/$600 maximum per family cost; and $50 fee per club or other co-curricular activities. Effective January 4, 2010, the district will begin to implement the pay-to-participate fee which would include all spring sports that start after January 4, 2010. Club participation fees will not take place until next school year. If the levy fails, there still would be a need to consider some fee to participate, but if the levy fails, the amount charged would increase.

- Payschools Program – As a convenience to parents, the district has paid the 3.5% administrative fee, but as of January, the district will move to a newer version with a different format and at that time, the administrative fee will be passed along to the parent to pay.

- Instructional Programs – Middle school students attend a trip to Washington, D.C. every year, but unfortunately because of finances, the trip has been suspended. The student pays for their portion of the trip, and the district pays the staff cost, which we will be unable to pay at this time. Refunds will be issued immediately to parents for the installment payments which have already been made. Hopefully, in the near future, this trip would be something we could restore.

- Summer School – This school year, summer school will be eliminated. There are other districts in the area that do offer a fairly comprehensive program, so any students who would need a summer school opportunity will need to contact other districts.

- Other savings realized – Fleet, property and liability insurance have been reduced by $20,846, which hopefully will save some positions, and building budgets have been reduced by $5,000 each, saving another $25,000.

Mrs. Aukerman said this is approximately a $1.2 million dollar annual savings, based on these preliminary recommendations. All contracts, if looked at to suspend or reduce prior to the next school year, will need to happen in March and April. We will not know the outcome in March or April so there will be another extensive round of reductions this school year, in preparation for the next school year, as we will not be able to carry those contracts over with an uncertain outcome to the levy. We will continue to make cost savings measures across the board, and probably will come back to the Board each month with additional recommendations. Mrs. Aukerman regrets having to make these cuts, and said these are all positions and activities that our students and community have come to appreciate and rely on, and that it is very unfortunate that these recommendations are being made this evening.

CHANGES TO THE 2010-2011 HIGH SCHOOL PROGRAM OF STUDIES

Mr. Ulrich, Principal summarized the changes made to the Program of Studies, and said there will be no additional courses added or significant changes made.

- Mr. Kelly asked Mrs. Aukerman that if the levy fails, many of these programs that were offered this year will probably have major changes for next year. Mrs. Aukerman said there would be reductions, and that we will continue to outline that for the community.

- Dr. Christopher said that if no legislative action is taken on H.B. 318 by the end of the year, the district stands to lose another $500,000 that has been committed by the State to support this school district. The District has lobbied State Senator Gibbs. In FY11, failing action by the end of the year, another $682,000 will be lost that have been previously committed and would not be forthcoming to the District, which means another $1.1 million lost to the District over the next 18 months. Add to that unfunded mandates from the State and requirements for curricular offerings, this is the situation we find ourselves in as a community, district and as leaders.

- Mr. Kelly wished everyone in this room would contact our legislators. If this bill does not pass by the end of this year, we lose $1 million more in the next 18 months, that we only learned about on Thursday. He said the Board wishes
there was another way to fund our schools, but there is not, so we are limited. If changes are to be made with funding, the State Legislator needs to be contacted.

- Mrs. Aukerman said if anyone has any questions on how the District is funded, that the Board, herself and the Treasurer would be happy to explain to the best of their ability, the craziest funding system probably in the United States so the community can understand what they are working with on a daily basis.
- Kathryn Laugesen, Hinckley resident and employee, asked why we are cutting positions, and not sports. Mrs. Aukerman said a host of reductions that are made across the board, some now and later, and that during the middle of the season for sports, we will not stop for our students. The Pay to Participate will help offset the costs that are associated with extra-curriculars, and is part of a larger picture.
- JoAnne Borovka wanted to know how this will affect contracts with employees. Mrs. Aukerman said there is a provision within the negotiated agreement, that for financial reasons, permits the District to suspend or reduce contracts, which we will work on this in the weeks to come.

FEES NOT WAIVED

Mrs. Aukerman said anything we are acting upon this evening was submitted prior to the recommendation to remain cost neutral as it relates to facilities, so any group that is currently waived, we will need to revisit. She said we will need to renegotiate the facility costs with the Buzzard Day Committee, since we will no longer be waiving any facility costs, and that there will be some fees assessed. When this item was placed on the Agenda, we had not reached a decision with the facilities. We will retroactively contract and make adjustments as necessary through Board action to charge.

(A TAPE OF THIS MEETING IS AVAILABLE IN THE TREASURER'S OFFICE)
The Special Meeting was called to order by the President at 5:15 P.M. in the Central Office Conference Room.

Roll Call: Mr. Petek, present; Mr. Kelly, absent; Dr. Wingenbach, present; Mr. Houska, present; Dr. Christopher, present.

The Organizational Meeting will be held January 4, 2010 at 7:00 P.M. in the High School Media Center.

Dr. Christopher mentioned the Medina Schools article regarding reductions they are making, specifically teaming at the Middle School, and wondered if this was an area that could be visited. Mrs. Aukerman explained that we do not have the typical teaming concept in place right now because of lack of the appropriate number of staff members.

Mrs. Aukerman reported on a Triad survey that would provide guidance as to what the community’s expectations are for the district. This, along with bringing the Ohio Department of Education in to do a staffing and/or financial analysis would be beneficial. She suggested getting businesses to make donations to pay for the survey and use $6,000 from the Pride account.

Dr. Wingenbach wanted to go on the record to say she has and will continue to be a resident of the district. As she has reported before, she does have her home on the market and it may sell in a month or a year, she has no way of knowing at this point.

EXECUTIVE SESSION 09-12-169

Mr. Petek made a motion, seconded by Mr. Houska, that the Board of Education adjourn to Executive Session.

Mr. Petek, yes; Mr. Houska, yes; Dr. Wingenbach, yes; Dr. Christopher, yes.
