NEW BUSINESS

Mrs. Aukerman addressed the recent Akron Beacon Journal article entitled “Students May Fall Short on New Testing”. The article created unnecessary alarm in the Highland community and even reported incorrect data for Highland that was actually that of the Highland Local School District located in Morrow County. Mrs. Aukerman noted an implementation dip is expected as is the case with most major changes in standards, but indicated that Highland has been preparing for some time now.

Mrs. Aukerman also set the record straight that Highland is establishing a Swim Club and not a new sports team, as reported by the Medina Gazette.

SUPERINTENDENT’S AGENDA

PRESENTATION – INTRODUCTION TO “FLIPPED CLASSROOMS” – DANA ADDIS

Mr. Dana Addis, High School Principal said a flipped classroom is one that takes the lecture and homework elements of a typical classroom and reverses them. Students would prepare outside of the classroom by taking notes and viewing lectures. This allows the student the chance to watch, listen, and write down questions to take back to the classroom, at their own pace. Instructional time would be for active learning, collaborative discussion, test/quiz taking, lab work, and individual time with the expert (teacher). Mr. Chris Luker is our resident expert.

Benefits include class time being dedicated to the application of concepts providing a better opportunity for teachers to detect what students are thinking. Students can also work at their own pace. Once the students have mastered a unit, they can unlock the next unit.

Downsides may include students struggling with this new instructional delivery method because they are accustomed to traditional face-to-face interaction. This is more of a self-directed, action oriented approach where students have to experiment, ask questions, and some of the students may not necessarily be comfortable with this approach. This model must be phased in methodically. Careful preparation is a must, and our 3 teachers who are employing this at the high school, feel as if they have spent more time preparing than ever before.

SUPERINTENDENT’S AGENDA

SPEECH AND DEBATE TEAM RECOGNITION – DANA ADDIS

Mr. Dana Addis, High School Principal, introduced and congratulated team members and coaches Suzette Burtoft, DeVon Griffin, April Burchett and Andrew Lynden for their outstanding season. The team brought home a record of 86 trophies. Mr. Griffin started the team 10 years ago with only a few students. The team has grown to 55 members.

John DiGiacobbe will be the first student to represent Highland and compete at a national tournament. The tournament will be held in Birmingham, Alabama in June.

Mrs. Burtoft said the team will host a mock tournament for the community in the high school auditorium on March 27th at 7:00 P.M. It will be followed by presentation of awards and a reception.

BONNIE ZIDD – HIGHLAND ATHLETIC BOOSTERS CLUB

Mrs. Zidd, President of the HAB, asked the Board to approve their annual request to continue the sale of season ticket passes and the advertising banner program. There were no proposed changes to the season pass or banner program for the upcoming year. Both are used to buy uniforms and equipment for student athletes. The HAB also provides four scholarships for graduating seniors, and two alumni scholarships for a male and a female who are involved in sports at the collegiate level. Both programs brought in $45,000 last year.

SEASON TICKET PASSES AND BANNER PROGRAM FOR 2013/2014 – BONNIE ZIDD 13-03-40

Mrs. Thomas made a motion, seconded by Mr. Houska, that the Board of Education approve the Highland Athletic Boosters 2013/2014 Season Ticket Passes and Banner Program, as presented.

Mrs. Thomas, yes; Mr. Houska, yes; Mr. Petek, yes; Dr. Christopher, yes.

Motion carried.

JAMES REUSCH – LAWN CARE PROPOSAL
Mr. Reusch, Director of Operations, provided a proposal to the Board to contract out mowing for the 2013 season citing the age of the District’s equipment, the cost to replace it, and limitations on staff time. He said it has been difficult to handle lawn care in a timely fashion, and get the buildings ready for the start of a new school year. He added the District would still maintain all playing fields internally.

**AUTHORIZATION OF REQUEST FOR PROPOSALS FOR LAWN CARE MAINTENANCE – JIM REUSCH - 13-03-41**

Mr. Petek made a motion, seconded by Mr. Houska, that the Board of Education authorize the lawn care maintenance specifications and grant authorization to accept proposals, as presented.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

MEDLITE BED DONATION - DISCUSSION

Mr. Michael George, Sharon Township Association President of the Sharon Township Fire Department, spoke on behalf of the Sharon, Granger and Hinckley Fire Association Presidents, along with University Hospitals who have raised approximately $4,000 for a “Med-Bed” that can be retro-fitted to the District’s John Deere Gator for use in the safety and comfort of injured student players. This device, added to the Gator, would provide safe, stable transportation for an injured student or anyone attending an athletic event on school property, while waiting for an emergency vehicle to arrive on site. The departments would like to donate this piece of equipment to the District, and if approved, the Med-Bed could be delivered in a couple weeks. The Gator would need to be delivered to the Granger Fire Department for installation. Then coordination with the athletic department would need to take place to set up any in-service, training and demonstrations, etc. necessary for the athletic training staff.

Dr. Christopher recognized and thanked our first responders, volunteers, employees on each of the township departments, sideline support, doctors and training staff for the great service and the professionalism they provide.

Mr. Kelly said this is just another great example of why this is a great place to live because of the communities we have and the volunteers. This shows everybody why the townships in the Highland District are great places to be because of people like this. This is greatly appreciated and we thank you.

Mrs. Aukerman said this might require the purchase of another Gator to dedicate solely for medical purposes. This purchase could come from the sales tax monies the District receives from the County.

The Board is very appreciative and in support, but did not take action at this meeting pending the performance of additional due diligence regarding equipment specifications.

SUPERINTENDENT’S AGENDA

Mrs. Aukerman introduced Dr. Sean Hoynes, Sharon Family Physicians, who provided a presentation regarding House Bill 143, otherwise known as the concussion law in Ohio. This legislation dictates how our School District Athletic Director, coaches, trainers, doctors, etc. for the team respond in the event of a concussion or suspected concussion.

PRESENTATION – OHIO HOUSE BILL 143 – SEAN D. HOYNES, M.D.

Dr. Hoynes, Mr. Johansen, Mr. Addis, along with the team trainers, met in February to discuss the implications of this law for Highland.

The main purpose of the law is to protect student athletes who may have a concussion during a playing event. We know that if a student has a concussion and is not taken out of the event and incurs another head injury, there are much greater chances that it will take
much longer time for them to recover, or they may have permanent brain damage from
the second injury.

The State of Ohio recognizes this and they have begun to implement a very serious set of
laws that will protect each and every one of our students when they are on the playing
field. What this law will mandate is for all coaches and referees being required to take a
special online class to increase their knowledge so they can recognize and understand
what a concussion is, along with symptoms the athlete might be exhibiting during practice
or a game. The coaches and referees will be required to show proof of attendance for the
class, and the parents and student will be required to sign a Student Athlete Concussion
Information Sheet. The parents can also go online to watch this video to be better
informed.

This law gives the coaches and referees the authority and responsibility to remove an
injured player if the athlete is exhibiting signs and/or symptoms of a concussion
during a practice or a game, for a minimum of 24 hours. For the student to return to play,
they must be assessed by a physician or a physician extender, such as an athletic trainer, under the
guidance of a physician, and receive written clearance.

Addition - Consent Agenda – Personnel – Item D, Number 3 – Employment – Certified Change in Order – Item X – Superintendent’s Agenda, Letter A – Presentation Highland High School China Trip to precede the Report of the Treasurer

**HIGHLAND HIGH SCHOOL CHINA TRIP PRESENTATION– DANA ADDIS**

Mrs. Aukerman introduced Mr. Addis, High School Principal, who along with a team of teachers was able to go to China to visit our sister school Nanwu High School and the middle school in Guangzhou, China. The trip took place over Spring Break and was made possible thanks in large part to funding provided by the Highland Foundation. Students from Nanwu came to visit Highland this past January.

Mr. Addis referenced Highland’s growing Mandarin Chinese program, which he attributed to the efforts of Sunny Zhang, Mandarin Chinese teacher. She was also instrumental in facilitating the relationship Highland has established with Nanwu. Mr. Addis said life-long friendships have been established with our sister school, and we are headed more and more toward an “inter-connected world”. He said that our students and host families talk with the Chinese students daily. All participants concurred that the trip was amazing. Team members in attendance included Mrs. Tracy Goebel, Mr. Bruce Folkther, and Mr. Chris Luker each of whom briefly shared the highlights of their experience. Mr. Addis said he was incredibly proud of the way our staff represented Highland, and now we ask the question, “What’s next?” He said one of the primary goals of the first trip to China was to see if it would be feasible to bring Highland students to this city of 12 million people in the future. He is excited about the prospects and the fact that we have developed something special with the Nanwu students and the school in a very short time.

Mr. Addis thanked the host families in our district because they were amazing with the students from China and provided them with a wonderful American experience, which was paid back to him and his team.

To finish the presentation, the Board was treated to a Skype conversation with Nanwu teacher Vivien Wang.

At the conclusion, Mrs. Aukerman thanked Theresa Wright from the Highland Foundation for helping to make the trip a reality.

MAY 2013 FIVE YEAR FORECAST DISCUSSION

Treasurer Neil Barnes provided an overview of the updated May 2013 Five Year Forecast, which is due to the Ohio Department of Education by May 31, 2013. He noted that the general purpose of the Forecast is to assist in making decisions regarding future levy requests, potential budget reductions, and negotiations. He cautioned that the Forecast is subject to change and that it was based upon known factors at this time and conservative assumptions about the future. Based upon the outlook presented in the Forecast, Fiscal Year 2017 appears to be the point at which revenues and expenditures will meet and deficit spending could occur at that time or soon after. Mr. Barnes noted that a lot can and will change during the Forecast period and that the District will make every effort to maximize our revenues and contain our costs to extend the levy cycle as long as possible.

Mr. Kelly said deficit spending is very hard for people to understand. In the school business, you have no choice because of the way we are funded. We only receive funds every so many years locally, and because of that, we inevitably spend more than we take in and have to go back on the ballot. We have a good track record of stretching our dollars as far and as long as we can before going back to the ballot.

Mr. Barnes added that since the 1970’s when H.B. 920 was passed, the State generally locks in property tax revenue at a certain level and does not allow increases in this revenue source when carryover property values experience inflationary increases (this is true for fixed rate levies and assumes the District is not at the 20 mill floor). New construction can result in new property tax revenues for school districts.

Dr. Christopher commented on the favorable variances the District is currently seeing on both the revenue and expenditure side. He said it is a testament to the management and the job that the Executive and Administrative team does and the Board does appreciate it.

Dr. Christopher also commented on the Stark County COG. He noted that when the decision was made to go with the COG, there were certain advantages and disadvantages presented, but that overall this has been great for the District and its employees. Mr. Kelly said by joining the COG, it has saved taxpayers millions of dollars.

APPROVAL OF UPDATED FIVE YEAR FORECAST AND ASSUMPTIONS  13-05-60

Mrs. Thomas made a motion, seconded by Mr. Kelly, that the Board of Education approve the updated Five Year Forecast and Assumptions for the five year period ending June 30, 2017, as presented.

Mrs. Thomas, yes; Mr. Kelly, yes; Mr. Petek, yes; Mr. Houska, yes; Dr. Christopher, yes.
Motion carried.
BOARD MEMBERS' AGENDA ITEMS

Mrs. Aukerman provided information regarding amended Substitute House Bill 59 (i.e. the State Biennial Budget) which includes provisions that would expand voucher options and eligibility through the State to the detriment of public school districts.

She noted that the Board was on record as being opposed to House Bill 136, which was a similar piece of legislation proposed in 2011 that provided for the expansion of vouchers and school choice scholarships at the expense of public school districts. HB 59 includes provisions that make vouchers available to students regardless of the performance of the school district in which they reside. This would divert millions of dollars to private schools and some charters with unproven track records and little to no oversight.

Mr. Kelly said we need thousands of phone calls to be made to our State Legislators. If this happens, we could lose hundreds of millions of dollars that would otherwise go to public education. If you want to help Highland’s future, please consider making the phone calls and tell them that you do not want the voucher provisions of HB 59 to remain in the Bill.

APPROVAL OF RESOLUTION TO OPPOSE VOUCHER EXPANSION 13-05-61

Mr. Petek made a motion, seconded by Mrs. Thomas, that the Board of Education approve the Resolution to Oppose Voucher Expansion in (HB 59), which proposes to expand the EdChoice Scholarship Program.

Mr. Petek, yes; Mrs. Thomas, yes; Mr. Houska, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

Connie King, 176 Salem Court, Hinckley, asked questions regarding the Common Core, and the opposition of the voucher program.

Dr. Christopher explained the reason Highland is opposed to HB 59 is because of the way it is financed. Our objection is public dollars that you pay through taxes, will be diverted out of the public trust, and into a less carefully monitored system.

Mrs. Aukerman said a lot of information has come out within the last few weeks regarding the Common Core, and at Highland, it will be more of a rigorous push for our students, meaning, what 4th graders are learning, will be accelerated to a 5th or 6th grade level, not the other way around. We have spent approximately two years analyzing the standards and data, and feel confident that it is more in depth, not trying to cover so many things, but covering a smaller amount of items much more deeply and thoroughly.

SUPERINTENDENT’S AGENDA

Mrs. Aukerman said we have a new online testing system, meaning the days of proficiency booklets and assessments, etc. with paper and pencil are over, and we will be moving to a new online system. This comes with numerous challenges – Getting students prepared to take assessments in a new format and the financial challenges with purchasing computers and hardware in order for the students to take these assessments.

PRESENTATION – PARCC ASSESSMENTS AND ODE ASSESSMENT TESTS – LAURIE BOEDICKER & ROGER SAFFLE
Mr. Saffle, Technology Coordinator, and Mrs. Laurie Boedicker, Director of Curriculum, presented different strategies to implement the online testing mandated by the Ohio Department of Education, which will start in 2014-15. These tests will replace the Ohio Achievement Tests and OGT.

Their discussion included how many Chromebooks would be needed for the District to administer these tests and the associated costs, which could be around $260,000; the number of days needed to administer testing; logistics; impact on instructional time; how many times a student may be tested during the day; PARCC testing vs. ODE testing; requirements regarding special needs students; time associated to assist students in learning how to take the tests; and additional staffing implications.

RESOLUTION TO ACCEPT TRANSFER OF SCHOOL DISTRICT TERRITORY – ADDENDUM #II  13-05-62

Mr. Houska made a motion, seconded by Mrs. Thomas, that the Board of Education approve the Social Studies End-of-Course Exams for the 2013/2014 school year, as presented.

[Ohio school law directs schools districts and community schools to adopt interim, end-of-course examinations for the 2013-2014 school year. The intent is to make sure high school students have studied and mastered American history and American government academic standards, including the study of historical documents. The state superintendent of public instruction and chancellor of higher education will select end-of course examinations to replace the interim examinations in American history and American government no later than July 1, 2014, for school year 2014-2015.]

BOARD MEMBERS’ AGENDA ITEMS

DELEGATE APPOINTMENT FOR ANNUAL BUSINESS MEETING OF OSBA ON NOVEMBER 11, 2013 13-08-104

Mrs. Thomas made a motion, seconded by Mr. Houska, that the Board of Education appoint Dr. Christopher as the Delegate for the Annual Business Meeting of OSBA that will be held on November 11, 2013.

Mrs. Thomas, yes; Mr. Houska, yes; Mr. Petek, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

Mr. Kelly commented that he has attended a couple of Granger Township Trustee Meetings at which a proposed new Community Reinvestment Area has been discussed.
He has expressed his opinion as a citizen, and not as a Board Member of Highland. He said he is in favor of broadening the tax base for Granger Township, so that it will not continually put the burden on the residential taxpayers of Highland. Route 18 is designated for commercial growth. He noted that there is a company that is looking to potentially locate their headquarters in Granger.

SUPERINTENDENT’S AGENDA

Mrs. Aukerman congratulated the staff for a great opening to the school year and said it went very smooth. She thanked everyone for all of their hard work and effort during the summer, and looked forward to what we anticipate to be a great school year. The Board of Education also acknowledged and gave thanks for the effort and hard work from all staff members.

ENGLISH LANGUAGE ARTS MATERIALS ADOPTION DISCUSSION – LAURIE BOEDICKER

Mrs. Boedicker explained that this year is the adoption year for English Language Arts, which encompasses Kdg. through 12th grade. The sequence in which we adopt our curriculum is a Board approved process. This is a very important year because we do have some changes, improvements, as well as new standards that we have been looking at for the past couple of years.

Mrs. Boedicker presented a PowerPoint presentation to explain the process, along with sample books for the Board to see. Kdg. through 5th selected materials from McGraw Hill; 6th through 8th from Pearson Prentice Hall; and 9th through 12th grade from Holt McDougal.

The Board asked various questions regarding the curriculum, and how we will help all students, not just college bound students.

Mrs. Aukerman added that we have spent a considerable amount of time the past couple of years regarding college and career readiness, and the big push out of the Ohio Department of Education and the push for Common Core Standards, really reflects on college and career readiness, so even if students are choosing not to go to college, it is about preparing them for whatever career they choose. There is a certain threshold that all students in the State of Ohio will be expected to exit out of high school at, and will be more rigorous than what we have now. OGT’s will be replaced with other assessments that will be more rigorous, so even if students do come behind, it will be our job to make sure that everyone is well prepared for college or the career of their choice.

Mrs. Boedicker said everything that is available that we have purchased for Language Arts, will be available online.

Questions were taken from the audience.

DISCUSSION OF THE POSSIBLE REORGANIZATION OF THE SUBURBAN LEAGUE – DANA ADDIS

Mr. Addis said the Suburban League has been around since 1945 with Copley, Green and Nordonia as charter members. There have been many schools in and out of the League, but the last few years have been extremely solid, and he believes it is a League to be envied by a lot of people in Northeast Ohio, not necessarily because it’s the greatest athletically, but it is rock solid in terms of the people that are a part of the league, our focus on academics, sportsmanship, there’s a great competitive balance, so people look to us quite a bit when they look to what kind of league they want to form. Charter member, Green High School, is being courted by the Federal League in Canton, and that is how this entire process started.

We spent the summer talking about the possibilities, including the idea of what would happen if Green leaves, and the impact it would have on the rest of the league; teams that could replace Green, but as we started talking, we realized losing one team in this league, can be bigger than just losing a team, but could have a snowball effect with other teams not feeling comfortable in the league. There have been good healthy discussions, one being expansion, and what schools could keep all of our teams intact, but also make us a little bit stronger.

In June, a meeting was held in Tallmadge. A number of schools that we felt would be good fits for the League were invited. We gave a presentation, and they made formal bids as to whether or not they were interested in joining the League.

On August 20th there will be another meeting. Green’s deadline to let us know of their decision is August 26th. There has been no decision made. We could still have the same eight teams remain, or we could form 2 smaller divisions, 2 larger divisions, but one thing we are very set on, is keeping the Suburban League what it is - keeping all of our positive leadership intact. We sent out 15 notifications, and 14 of the schools said we would love to join if you have openings.

The OHSA deadline to notify them and other schools is July 1st. The changes likely would be implemented for the 2015/16 year, if this happens.

BOARD MEMBERS’ AGENDA ITEMS

Mrs. Thomas gave an update on her attendance as a Legislative Liaison at the NE Ohio OSBA meeting and extended an invitation to attend the Highland Foundation’s 9th Annual Fundraiser called “Lighting the Way” on November 9th at Weymouth Country Club.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

- Phil Sedlon, Sharon Township resident and representative for the parents of Highland children that attend Cuyahoga Valley Christian Academy, inquired about the possibility of having a Highland bus transport the approximately 15 children to CVCA as opposed to providing payment in lieu of transportation.
  - Mr. James Reusch, Director of Operations, said a study was performed in May and it is not feasible to have a bus route because of the excessive amount of time involved and there are not enough students attending CVCA to support establishing an additional bus route.
  - Mrs. Aukerman said there were only 10 confirmed students who would be riding daily at this point. To add a route, the Board would need to purchase an additional bus, add a driver, along with concerns of the students being on the bus for greater than 90 minutes.
  - Mrs. Aukerman said the lowest number of students currently being transported to a non-public school is 29. She said Mr. Sedlon could contact the State to come out and analyze the time and distance factors.
  - Dr. Christopher said this is simply an issue of the legal and practical questions around the District’s responsibility to provide transportation for students who do not attend Highland.
- Jim Florian, Beach Road, Sharon Township resident and Athletic Booster Treasurer, spoke to the Board regarding ongoing concerns with athletic facilities. The Athletic Booster Club wants to support the Highland Local School District in all ways that will eventually help and support our children in a way that is in everybody’s best interest. This is what the Boosters offer:
  - The Boosters have saved $220,000 from fundraising efforts with the intent to fund a long-term project, while still paying for all uniforms, sport awards, and most equipment needs, including the Middle School.
  - They would like to put together a committee to help raise additional funds to meet very specific needs that now exist, and are hopeful a solution can be found to improve the playing and practice field conditions that many of our athletes have experienced injuries from this fall season. He believes that the District shares these same concerns and are working behind the scenes to solve them.
  - As soon as the District is ready to use the funds that are on deposit, along with the manpower the Boosters have to offer, they are ready to help. The Boosters want to be part of a community effort to get what is best for our kids in all areas – academics, extracurriculars, athletics, and facilities.
- Theresa Wright, Executive Director of the Highland Foundation, reported that the new annual report is indicative of what they are trying to do to increase awareness and visibility. The Foundation is at a 5-year spending high in terms of projects they are funding. To continue that, they need to increase their fundraising efforts, such as the annual dinner. They have already committed to $36,000 for the 2013/2014 school year. Teachers apply for grants in October and May. These projects will be previewed in the Media Center, at no cost, on Tuesday, October 15th.
- Dr. Christopher commented on how much our community gives, either through the Foundation or the Boosters, or solicited or unsolicited gifts to support a variety of different activities, and said we are very fortunate to live in a District like this, and have leadership and commitment as we do in our people.
- Susan Snelling, Hinckley resident, asked the Board why school starts earlier and earlier each year, and wanted to know who’s idea this was, and why?
Mrs. Aukerman responded by saying that a few years ago, the school district along with other Medina County school districts met regarding growing concern of the widely varied start and stop dates and times of the schools. At that time they came together on several collaborative initiatives and efforts, one being a common school calendar for Medina County. This year’s calendar is the product of planning that happened a few years ago. Our intent was to try to align ourselves to the other Medina County school districts.

Mr. Kelly said we are here to represent our District first, and for those who may be concerned, to contact us to let us know your thoughts. If the majority of our residents feel they would like something else, then we would respond to that.

Jim Sube, Sharon resident, believes his daughter is the latest casualty of the stadium field conditions, and represents Mr. Florian and parents from the soccer team. It is heartfelt that we are trying to look at turf that will support all teams, not just football. Parents who pay participation fees feel students deserve to play in a better stadium. We need to produce a safe field for them to play on. He does not believe that the current repair methods for the stadium are current practices. He would like to see current repair methods used if turf and field conditions cannot be addressed in the near future.

Nancy Everett, Montville Township resident, said her family moved from Washington D.C. and they appreciate the excellent academic reputation Highland has. All 3 of her children have played sports, along with her husband being a former major league baseball player, and both have teaching degrees. She was a certified athletic trainer at the collegiate and high school level, and part of being an athletic trainer is prevention of injuries. She feels that the soccer field conditions the girls played on Saturday were horrendous. Soccer fields must have a smooth surface for the ball to roll on. She asked what is the plan to address the fields because it is a real liability issue. She has witnessed students being injured, and believes it has been caused by playing conditions. She said we need a solution know, and suggested turf for the soccer field at Granger, so the bickering between soccer and football would cease of whose fault it was for messing up the field for the other team.

Dr. Christopher said we do not want to settle for a short-term solution, but rather put something in place that all of our community would be proud of and benefit from. There are also concerns and needs for upgrades in some of our buildings.

Mrs. Aukerman said for the past year, in earnest, we have been working on the athletic side of things, however we have real capital needs, one being our elementary buildings, which have served us well, but how much longer will they be able to serve the community? We started working on an athletic facility of some type, and very quickly heard concerns regarding these old elementary buildings and what are you going to do about that? We are in the process of reviewing all of our options from a capital perspective. The State has come out to do a complete audit, at our request, of all of our schools, and a complete report should be done in November, December, or January to go out to the community. The audit does not include anything from an athletic side of things. There has been a separate group formed called the Highland Athletic Facilities Association for the sole purpose of raising money for an athletic facility and we have contracted with different architects to create conceptual designs. There are so many needs with the current stadium that we would like to wait until the report comes out from the State on our facilities, and then have dialog with the entire community at that time.

Laura Prolitt, Sharon Township resident, said she appreciated the update on the facilities, and her reason for coming this evening, is the athletic conditions. She was reminded when she attended the pig roast of why she does not attend football games, and it is because the conditions are horrible. Her concern is the safety of the people walking on Ridge or Wilbur Roads. She witnessed students from Olmsted Falls trying to get their car out of the ditch. She feels that this is an embarrassment to our community. You have a liability in and around the stadium. This is reprehensible, and the conditions are deplorable. She asked the board to please continue the fight, and to continue to work with the community, because we’re here to help.

ADOPTION OF NEW AND/OR REVISED POLICIES  13-09-116

Mrs. Thomas made a motion, seconded by Mr. Houska, that the Board of Education adopt the following New and/or Revised Policies, as presented:

- IGD – Co-curricular and Extracurricular Activities
- IGDJ - Interscholastic Athletics
- IGDK - Interscholastic Extracurricular Flexibility
- JECBC - Admission of Students from Non-chartered or Home Schooling
- JFCF - Hazing and Bullying (Harassment, Intimidation and Dating Violence)

HB 59, effective September 29, 2013, revises the requirements for extracurricular participation by science, technology, engineering and math (STEM) school, home-schooled and private school students. There are several policy changes that must occur in order to comply with the law. Policies IGD; IGDJ; IGDK; and JECBC must be revised by September 29, 2013. Policy JFCF must also be updated to specifically include electronic harassment within our bullying policy.

SUPERINTENDENT’S AGENDA

STATE REPORT CARD & ACT PRESENTATION – LAURIE BOEDICKER

Laurie Boedicker presented an explanation of the components of Ohio’s new report card system with Highland’s scores for the reported components. Four of the six components were reported this year: Achievement, Gap Closing, Progress, and Graduation Rate. K-3 Literacy and Prepared for Success will be reported in 2014 and 2015 respectively. Highland’s Performance Index has increased steadily in the last 5 years to 106.4 this year which earns a B grade. A chart of the growth showed that the percent of students scoring Advanced is 7.9% higher than 2009. Highland’s Gap Closing Measure used to be called Annual Measurable Objectives and shows the progress made with subgroups of students selected by income, race, culture or disability. The 2013 AMO for Reading is 83.4%, for Math is 78.5%, and for Graduation Rate is 75.9% and Highland earned a B. Highland’s overall Progress (Value-Added) grade was a B and Graduation Rate was an A.

CRA NOTIFICATION TO HIGHLAND LOCAL SCHOOLS – BETHANY DENTLER – MEDINA COUNTY ECONOMIC DEVELOPMENT CORPORATION

Bethany Dentler, Executive Director of the Medina County Economic Development Corporation, notified the Board that the Granger Township Trustees voted to approve a resolution for the establishment of a Community Reinvestment Area along the Route 18 corridor, which is located between Dunsha and Beach Roads.

FISCAL YEAR 2014 FIVE YEAR FORECAST DISCUSSION

Mr. Barnes provided an overview of the Fiscal Year 2014 Five-Year Forecast. The main purpose of the forecast is to provide information that is useful in the decision-making processes regarding future levy requests, budget reductions, and negotiations.

Projected revenues have not significantly varied since the last forecast was filed with the ODE. Projected revenues for FY14 are $28,997,747, and by FY18, are projected to gradually increase to $30,488,927. The increase over the forecast period is primarily attributable to additional student funding to be received from the state and increasing property tax revenues driven by new construction growth.

Projected expenditures for FY14 are $26,632,669, and by FY18, are projected to gradually increase to $30,623,692. The primary reasons for the increase include anticipated inflation, staffing model changes, and contractual commitments.

Relatively speaking, the District is in good financial shape. We do not see any potential deficit spending until FY18, at the earliest. Assuming these projections and trends hold true, it would actually make it possible for the district to adhere to a board resolution passed back in 2006, through which a goal was established to maintain at least four months of operating expenditures as a cash balance, which equates to around $10,000,000 by the end of this forecast. Demonstrating such financial strength helps to ensure that the district can secure the lowest borrowing rates, and that could save the district and taxpayers a lot of money.

We will continue to make every effort to maximize revenues and contain costs to lengthen this levy cycle as long as possible.

APPROVE FISCAL YEAR 2014 FIVE YEAR FORECAST AND ASSUMPTIONS

Mr. Houska made a motion, seconded by Mr. Kelly, that the Board of Education approve the Fiscal Year 2014 Five Year Forecast and Assumptions for the five year period ending June 30, 2018, as presented.

Mr. Houska, yes; Mr. Kelly, yes; Mrs. Thomas, yes; Dr. Christopher, yes.

Motion carried.

SUPERINTENDENT’S AGENDA

HIGHLAND HIGH SCHOOL STUDENT PRESENTATIONS – DANA ADDIS

Mr. Addis introduced Juniors Madeline Bigley and Nathan King to report on their intern experiences. McKenzie Kinsbach and Samantha Nold were unable to attend this evening.

CLEVELAND CLINIC SUMMER INTERNSHIP PRESENTATION – MADELINE BIGLEY

Madeline Bigley presented her radiology research project that was assigned to her by her mentor Mindy Bulger, Lead Technician in Radiology. The project was to evaluate incidence and factors for pneumothorax and chest tube placement after a CT fluoroscopy guided lung biopsy.

After high school, Madeline plans on pursuing a career in the medical field.

NASA INTERNSHIP PRESENTATION – NATHAN KING, MCKENZIE KINZBACH & SAMANTHA NOLD

Nathan King presented his research project that involved working on computer modeling of a chemical process to break down plastics in space, then getting rid of the waste from the space stations. He said plastics make up approximately 80 percent of the waste produced from living in space. He said the best way would be to build a potential disposal unit. Nathan’s mentor was Dr. Donald Jaworske. Nathan also had the opportunity to work with Dr. Curt Sacksteder, community member, who was helpful, friendly and always willing to answer any questions.

After high school, Nathan plans on becoming a chemical engineer.

SUPERINTENDENT’S AGENDA

ALL DAY EVERY DAY KINDERGARTEN PRESENTATION

Mrs. Aukerman provided a Power Point Presentation. A few years ago, the State made some movement in this area, and required all school districts in the State to move toward an all-day program. If schools could not, you had to apply for a waiver, and submit a plan of how you were going to move towards this program. This has since been removed from the Law, and has moved back to being the responsibility of the districts to decide what program is most appropriate for you, so the requirement is no longer in place.

Mrs. Aukerman said it is time to have this discussion, because we continue to have parents and teachers who ask, along with the increase in academic standards. The instructional side of our current program is not as ideal as we would like to see.

Some benefits for ADEDK include:

- Kindergarten is a very fundamental year that starts to lay the foundation for later learning
- Core beliefs: Young children learn best through discovery, exploration and active learning, including structured and unstructured play
- Curriculum must be balanced
- There are 3 types of Kindergarten schedules: Half-day, every day; All-day, every day; and all-day every other day.
- The move to common core are more rigorous than our past kindergarten curriculum, and will require a significant shift in educational practice
- To see what a Kindergarten student will need to know, please go to the Ohio Department of Educations’ website, education.ohio.gov. Click on Academic Standards, search by topic for every grade.
- Larger blocks of uninterrupted instructional time is needed - it offers more time to progress through the curriculum. All-day, every-day would provide additional opportunities and balance those active and quiet periods with a group and individual activities, along with one-on-one time with the teacher and student.
- We would like to build stronger relationships – teachers with students, teachers and parents, student to student. An all-day, every-day program would allow for deeper and a more thorough explanation of concept to differentiate instruction to a greater degree. This will help students meet the third grade reading guarantee.
- Academic side advantages: Higher reading scores, more likely not to repeat a grade, additional flexibility with grouping. Disadvantages: Increased staff needed, more space, and supplies.
- Social Behavioral advantages - Better progress in social skills; higher self-esteem, independence. Disadvantages - Children could exhibit crankiness; fatigue; feeling worn down before the end of the school day.

Discussions by the Board were held and agreed there are gaps in learning and time.

APPROVE ALL DAY EVERY DAY KINDERGARTEN PROGRAM 13-11-144

Mr. Petek made a motion, seconded by Mrs. Thomas, that the Board of Education approve All Day Every Day Kindergarten, tuition free, as presented.

Motion carried.
ADOPTION OF SCHOOL CALENDAR FOR 2014/2015 – ADDENDUM # II 13-11-145

Mrs. Thomas made a motion, seconded by Mr. Houska, that the Board of Education adopt the 2014/2015 school calendar, as presented in Addendum #II.

A change in Ohio law (O.R.C. § 3313.48) replaces the minimum number of days in a school year with a minimum number of hours and eliminates the five statutory calamity days, effective July 1, 2014. House Bill 59 changes the minimum school year from 182 days to 910 hours for all-day kindergarten and grades one through six, and 1,001 hours for grades seven through 12. School districts will be permitted to count any time over the minimum hour requirement towards missed time due to calamity.

Mrs. Thomas, yes; Mr. Houska, yes; Mr. Petek, yes; Mr. Kelly, yes; Dr. Christopher, yes.

Motion carried.

APPROVAL OF OUT-OF-STATE TRIP 13-11-146

BOARD MEMBERS’ DISCUSSION

- Dr. Christopher and Mr. Kelly acknowledged and thanked Mr. Petek’s service to the Board.
- Mrs. Aukerman also thanked Mr. Petek and said a gift of book ends with the years of service to the Board is forthcoming.
- Dr. Christopher recognized the football team’s accomplishments and said it was a very exciting year. He also acknowledged Coach Lombardo and his staff; our students and parents, and the community for supporting the team throughout the playoffs.
- Mrs. Aukerman spoke about the story that was in the Gazette today regarding the sports complex. She noted that the District has been working on moving closer to a new stadium for the past two or three years. Mrs. Aukerman said there are many capital needs in the District on top of the stadium/facility needs. The District’s elementary buildings are nearing 90 years old and will need to be addressed in the very near future. A State study is being performed on the District’s educational facilities at this time. We should have the results in January or February.
- Mrs. Aukerman provided a timeline of events in relation to the athletic complex. In May 2012, the Board interviewed five qualified architectural firms and hired
Mann Architects for the potential athletic stadium project. In the fall of 2012, the Highland Athletic Facility Association, a not-for-profit entity, was specifically formed to begin work on fundraising toward a potential project. She noted that it is hard to raise money without the scope and conceptual design of the project and as a result no money has been raised at this point. Also in the fall of 2012, it was noted that the District interviewed various school districts who had recently completed similar projects and also conducted site visits to several new stadium projects in Northeast Ohio. In October 2012, Mann Architects completed some conceptual drawings to determine if an athletic complex could be built on the property South of the high school. A wetland delineation study and report was also completed and we are still waiting on the final jurisdictional determination from the Army Corps Engineers. We also have conducted and completed the Qualitative Habitat Evaluation study.

- Mrs. Aukerman said there will be a vote this evening to authorize the Superintendent and Treasurer to enter into a contract with Mann Architects for professional design services for schematic designs and further design development, and also to determine the scope of the project. We believe it to be a stadium, additional parking, and a tennis complex. There is a lot of infrastructure work on the South side of the high school that will need to be completed.
- Mrs. Aukerman said it is not feasible to update the existing site. In essence, we would spend as much money redoing something in a very poor location than we would to build something new on an ideal site.
- Mrs. Aukerman said this will be a public/private partnership. The Highland Athletic Facility Association will be charged with raising money to offset the cost of this project. In return, the District is committed to setting aside a portion of the Sales Tax dollars each year to go toward this project. The extent of private fundraising efforts will determine the District’s contribution. This District is prepared to spend up to approximately 1/3 of the Sales tax monies we receive, which would be in the range of $400,000 to $450,000 annually over 20 years. We do anticipate the cost of the project to be approximately $7 to $8 million, which includes the additional parking that our students would be able to use at the high school.
- Mrs. Aukerman shared three photos illustrating the conceptual design of the facility with the audience. The new complex would be located south of the high school and behind the library. It would include new home and away stands, turf, regulation size track, additional parking, a proposed tennis complex with additional parking, and room for some new practice fields. Also a new entryway would be similar to the architectural style of the high school building.
- Dr. Christopher said in order to host track events we need to have eight lanes to do so. This new complex could host a variety of different sports and activities throughout the year.
- Mr. Petek said the conceptual drawing took months to come up with, and the new facility could generate revenue.
- Mrs. Aukerman said additional revenue could be generated through advertising by private individuals, small to medium sized businesses, large corporations. When the Board officially moves forward with this, the Highland Athletic Facility Association will begin fundraising within the community. The time has come to move forward with this, and other capital needs.
- Mr. Kelly emphasized this will not have an impact on our operating dollars/budget. We will only use Sales Tax dollars.

HEARING OF INDIVIDUALS AND/OR DELEGATION REPRESENTATIVES

- Curtis Mall, President of the Highland Athletic Boosters said we have always been supportive of a new sports complex and expressed their thankfulness to the Board for considering this. Throughout the years, we have saved over
$200,000 that we will be donating, at some point, to help offset the cost of the complex.

- Brian Skidmore, Granger Township resident, is a non-football parent and said this project is fantastic. It will add tremendous value to our school district and the community as a whole. Families decide whether they will move into the school district, or once they are here whether they will stay, based in part, on the quality of a facility such as this. He fully supports the Board and Mrs. Aukerman, and has the greatest confidence in them to oversee this project.

- Tom Lombardo, Highland football coach and teacher, is a non-resident, however he has a vested interest. He thanked the Board for possibly making this happen. He said he has seen many venues and how they operate, and can’t help but to be impressed with what you see with the community, administration, staff, coaches that give to the kids and the effort that the kids put out on a daily basis. What is important is the students are striving for excellence in all kinds of venues, be it academically, fine arts and/or athletics. Well over 1/3 of the high school population participates in football, soccer, band, track and they deserve the right to have the same facilities they have in other venues that they participate in their daily activities. We continuously strive to make the community proud and we will certainly continue to do that.

- JoAnn from the Akron Beacon Journal asked several questions. She asked what is meant by negotiating with Mann since they have already been chosen. Mrs. Aukerman said it would be determining the scope of the project. Next she asked if there was a chance more could be added to the project, and Mrs. Aukerman viewed this as Phase I. Next she inquired if a new school building would be added on this property along with the athletic complex, and Mrs. Aukerman said we would not view this property as a location for our elementary buildings. The community has been very clear that they would like to have schools in each of the townships.

- Michael Treb, Hinckley resident, asked what was meant in stating that this project would have to go hand-in-hand with other capital improvements and wondered if it would jeopardize this project.

- Mrs. Aukerman’s response was the District brings in approximately $1 million dollars from Sales Tax money annually, and at a cost of approximately $16 million per building, we would have to save for 16 years to build one building. When the State report is finalized, we may have to consider going to the community to speak about a bond issue.

- Joe Kohmann, Sharon resident, said he is supportive and a representative of the Highland Athletic Facilities Association. He feels our children deserve this and many will benefit from it. He is excited we are at this point and will do whatever he can to support this.

- Dr. Christopher thanked Mr. Kohmann for his willingness to work with the Board. The leadership and enthusiasm that he brings is appreciated.
